US 183 TRAFFIC SHIFT PLANNED FOR MAY Eastgate and Bolm Roads Closing Temporarily

(Austin, Texas) — Beginning as early as May 17, 2020,* there will be a traffic shift on US 183 between Thompson Lane and Smith Road to allow for construction of new tolled and non-tolled lanes in the area. The shift will impact both northbound and southbound travel. Drivers are urged to exercise caution while traveling, as signage and lane movements will be different and access to some businesses will be different. These changes will be in place for several months.

The southbound travel lanes will temporarily shift onto the future southbound toll road from Smith Road to the Colorado River, with the following impacts:

- Eastgate Road and Bolm Road will be closed at US 183.
 - o Access to the Johnston Terrace neighborhood from southbound US 183 will be via Thurgood Avenue, Smith Road, Interchange Boulevard or Gardner Road.
 - o Access to southbound US 183 from Johnson Terrace will be via Airport Boulevard or Thurgood Avenue.
 - o Drivers coming from northbound US 183 using the temporary north-to-south U-Turn at Smith Road will not be able to use Smith Road, Eastgate Road, or Bolm Road to get to Johnson Terrace and should instead use Interchange Boulevard or Gardner Road.
- Drivers wishing to reach Airport Boulevard, 7th Street, 5th Street, Cesar Chavez Street and Levander Loop from southbound US 183 will use a new temporary right hand exit just south of Bolm Road.
- Drivers who use the south-to-north US 183 U-turn at Levander Loop will not be able to access the temporary north-to-south U-Turn at Smith Road. To access southbound US 183 from that point, continue northbound to FM 969 (MLK Jr. Blvd) and use the U-turn at the intersection.
- Drivers using the temporary north-to-south U-Turn at Smith Road will need to exit left to reach the U-Turn.
