

CONSTRUCTION ALERT

September 9, 2020

NORTHBOUND US 183 EXIT TO AIRPORT BLVD, 5TH, 7TH, AND CESAR CHAVEZ STREETS TO REOPEN *Airport Blvd. Access to Northbound US 183 Re-established*

(Austin, Texas) — Beginning as early as Sunday, September 13, 2020,* traffic on northbound US 183 will be temporarily detoured onto the future northbound 183 Toll Road between Thompson Lane and Bolm Road. Tolls will be waived on this section of the 183 Toll Road while the detour is in place.

At the same time, the new northbound US 183 general-purpose lane bridge over the Colorado River will open, re-establishing the downtown exits to Airport Blvd., 5th Street, 7th Street, and Cesar Chavez Street. With the reopening of the downtown exits, the temporary detour and turnaround at Smith Road will be eliminated. During this phase of construction, if a driver misses the exit to downtown they will need to use the turnaround at FM 969 (MLK Jr. Blvd) to get to Airport Boulevard and the other downtown streets.

In addition, traffic on Airport Boulevard will again be able to access northbound US 183, Austin Public Health and the Austin Animal Center via two-way traffic on Levander Loop.

How to Access the Downtown Exits from Northbound US 183

Drivers wishing to access Airport Boulevard, 5th Street, 7th Street, and Cesar Chavez Street should follow the detour onto the 183 Toll Road, keep right and exit to the right underneath the the Montopolis Drive overpass and before the bridge over the Colorado River. After exiting onto the northbound US 183 general-purpose lanes and crossing the Colorado River, drivers will follow overhead signs, taking a right at the fork to continue to Airport Blvd. or taking a left at the fork to access Cesar Chavez Street, 5th Street, or 7th Street.

Northbound drivers who exit onto the US 183 general-purpose lanes immediately north of Thompson Lane, who leave businesses located off the general-purpose lanes north of Thompson Lane or who head north from Hergotz Lane will be able to cross the Colorado River via the new northbound general-purpose lane bridge and then connect to the downtown exits via the left lane, or continue northbound on US 183 via the right lane.

How to Access Northbound US 183 from Airport Blvd.

Drivers wishing to access northbound US 183 from southbound Airport Boulevard should turn left at the newly installed signal located at Levander Loop.
