Extended Lane Closure on Southbound US 183 To Impact Traffic between Manor Road and Loyola Lane *Tolls Temporarily Waived on 183 Toll Road at MLK Blvd/FM 969 Exit*

(Austin, Texas) — The Central Texas Regional Mobility Authority (Mobility Authority) is implementing an extended lane closure on the southbound non-tolled US 183 general-purpose lanes between Manor Road and Loyola Lane. Beginning as early as the evening of Sunday, November 22, 2020 and lasting for approximately five months, the US 183 general-purpose lanes will be reduced to one lane so construction crews can make concrete pavement repairs. To minimize the inconvenience to drivers during the closure, the Mobility Authority will be temporarily allowing southbound US 183 drivers to enter the 183 Toll Road at Manor Road and continue to the MLK Blvd/FM 969 exit without paying a toll. Drivers who continue south past the MLK Blvd/FM 969 exit will be charged the normal toll.

For more information, visit the [183 South Project website](#).

****Dates are subject to change based on weather and other circumstances.***

###

About 183 South:

The Central Texas Regional Mobility Authority is building a new tolled expressway with three lanes in each direction on an 8-mile section of US 183 between US 290 and SH 71. In addition, the Mobility Authority will be reconstructing and improving the non-tolled US 183 general purpose lanes and adding \$25 million worth of pedestrian and bicyclist facilities. Phase I/North End of the project opened in August of 2019 and full project completion is expected in early 2021, offering greater mobility for all users of the corridor.

About the Mobility Authority:

The Central Texas Regional Mobility Authority is a local, independent government agency created in 2002 to improve the regional transportation system in Travis and Williamson

counties. The Mobility Authority implements innovative and sustainable transportation options to enhance quality of life and economic vitality in Central Texas. The Mobility Authority operates 183A Toll, 290 Toll, the 71 Toll Lane, the MoPac Express Lane, the 45SW Toll Road, and the 183 Toll Road. The agency is finishing construction of the 8-mile 183 South Project and the 290/130 Flyovers Project. For more information about the Mobility Authority, visit www.MobilityAuthority.com
